

# BELMONT WOODS HOMEOWNERS ASSOCIATION COMMUNITY FENCE STANDARD

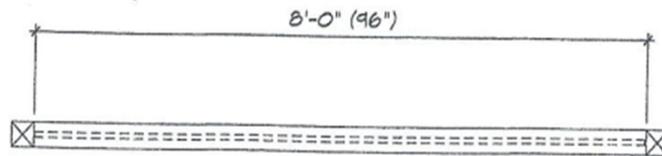

Adopted: 11.7.2012

## Style: Estate style Cedar fence

- Constructed of pressure treated 4 x4 vertical posts set in concrete 18"-24" deep.
- Posts are to be no further than 8 feet apart; and can be less depending on terrain/space.
- The fence is built with a horizontal 2x4 as the bottom rail of the fence and a 2x4 as the top rail.
- The fence must have a 2x4 that runs on top of the fence boards to give the fence an enhanced appearance.
- In addition there is a 1x4 that runs just under the top 2x4.
- Fences are built at a height of 6 ft tall and fence boards that are approximately 1 inch thick and 4 inches wide.

## The approved fence color is:

- Home Depot: Behr Semi-transparent Cedar Naturaltone: NO.4533
- Johnsons Home and Garden: Superdeck Semi-transparent Cedar No. 2200.

**NOTE:** ALL WOOD TO BE MADE OF WHITE CEDAR.  
ALL POSTS TO BE PRESSURE TREATED.
